

Making Friends - Featuring CortNasty

Written by: Mattias Gillis Winge Rudh(NO) / Courtney Odom (lyrics, vocal melody(US))

Making Friends, is the second Deep House tracks by independent music producer MoEoStAr, that is featuring the vocal performance of American singer/songwriter CortNasty. One instrument is the focus of this track, and it is the cello. Demonstrating its' large range from low bass like draw, to a lighter luring tones, the cello is an instrument that is an essential part of this track. And when mixed together with the amazing vocal performance of CortNasty, it creates a fine balance and smooth listening experience.

The track is available on your favorite streaming platform, July 31st, 2020 preferably on Spotify here:
