

### **Way Back When - Featuring CortNasty**

*Written by: Mattias Gillis Winge Rudh(NO) / Courtney Odom (lyrics, vocal melody(US))*

Way Back When, is the first in a series of Deep House tracks by independent music producer MoEoStAr, that is featuring the vocal performance of American singer/songwriter CortNasty. This first track paints a dreamy landscape, populated by muted horns and smoky saxophones. Underpinned by rich undulating pads and a steady beat, CortNasty's voice is allowed to shine, haunt and lure the listener.

The title and main lyrical hook expresses a wish and a longing to a bygone era of a simpler and slower existence.

The track is available on your favorite streaming platform, May 28nd, 2020 preferably on Spotify here:
